

Cord Blood Bank of Canada

7030 Woodbine Avenue, Suite 500
Markham, Ontario, L3R 6G2
(905) 943-4933

Dear Patient,

In order to store your baby's cord blood, the following maternal blood tests results, conducted as part of your routine prenatal care must be forwarded to our offices. Please take the attached letter to your physician/midwife immediately and have him/her fax the test results to our laboratory at: (toll free) 1-866- 531-9162.

1st set of maternal tests: please fax the results of these tests to our lab:

Hepatitis B Surface Antigen (HbsAg)

Syphilis (VDRL)

Blood Group and Type (ABO, Rh)

HIV 1&2 Antibody (if done)

If you have any questions or concerns, please do not hesitate to contact your Care Manager at (905) 943-4933.

Sincerely,

Care Manager – Cord Blood Bank of Canada

Cord Blood Bank of Canada

Dear Physician / Midwife,

Your patient has decided to bank her child's cord blood with the Cord Blood Bank of Canada. Please fax our laboratory the results of prenatal blood work collected earlier in this pregnancy as soon as possible after receiving this request.

The blood work needs to be current, dated within the past eighteen months.

We require a fax copy of the original lab report. Hand-written results will not be accepted.

Please fax the following lab reports to (toll free number) 1-866 531-9162.

Hepatitis B Surface Antigen (HbsAg)

Syphilis (VDRL)

Blood Group and Type (ABO, Rh)

HIV (1 & 2) Antibody - if done

If you have any questions or concerns, please do not hesitate to contact a care manager at (905) 943-4933.

Thank you in advance for your co-operation,

Care Manager - Cord Blood Bank of Canada
